genilok

an omniscient wingman for your business

"Make a customer, not a sale."

"having a wingman ensures your safety in the battle field"

"Information is the oil of the 21st century, and analytics is the combustion engine"

"The future depends on what you do today"

Prakriya

"Customers will never love a company until the employees love it first"

"The goal is to turn data into information and information into insight"

"It takes months to find a customer, and seconds to lose one"

Business Process Management Software

genilok   ☘Prakriya

How Prakriya Business Process Management Software (BPMS) can help you ?

1 Capture your business data from every employee & store it efficiently for processing.	**2** Process the data, visualize, analyse, prioritize, develop, and audit the information.
3 Visualize the information, control tasks, frame policies to boost business performance.	**4** Generate comprehensive reports and notifications based on the information.
5 Where ever you are, this HTML5 app helps you to make right decisions.	**6** Prakriya is a multi user, multi location, multi platform cloud enabled software.

Prakriya BPMS helps a service provider to create, manage and track

Clients, Leads, Accounts, Users, User Roles, Departments	Estimates, Proposals, Projects	Project Files, Photographs, Documents, GPS Coordinates
Products, Services, Invoices	Inventory & Delivery Chalan	Service Calls, RMAs & Tasks
Assets, Tools & Vehicles	Package Handling, Notifications	Attendance, Time Sheets & Leaves, Work From Home

Prakriya is a simple & intuitive software that runs on any HTML5 web browser
